1 Mark Hales supported the item in the last meeting and would continue to do so. Dave Kallas
2 approved of the above item being added to the agenda again. Mayor Timothy reported that one of
3 the concerns was with the verbiage specifying that it could be a crematorium without being a
4 funeral home. Traci Crockett agreed that this was of concern. Jeff Gaston did not want the
5 proposed use to be an industrialized crematory but supported a funeral home that allows
6 cremations.

7
8 In response to a question raised, Mr. Crowell stated that there is a significant amount of
9 development in the area, but he was not aware of any contingencies for the funeral home.
10 Mr. Crowell explained that because the site plan has already been approved and the zoning
11 currently exists, no traffic study will be conducted.

12
13 **2.2 Training Relating to “Robert’s Rules of Order”, Staff Presenter, Todd**
14 **Sheeran.**
15

16 City Attorney, Todd Sheeran, presented the staff report and reviewed the history and purpose of
17 “Robert’s Rules of Order” (“RRO”). He explained that RRO is the most accepted method of
18 conducting a meeting. The Planning Commission adopted this method, but the City Council has
19 not. There is a procedural section in City Code regarding how meetings are to be conducted;
20 however, it is not very detailed. Mr. Sheeran provided an RRO cheat sheet for each Council
21 Member for review. Examples of how to use RRO were given.

22
23 Mr. Sheeran reported that after investigating City Code and RRO, he created a rough draft applying
24 RRO to the Code and provided examples of its application. Sections crossed out in the draft are
25 duplicative of Utah Code or RRO. Mr. Sheeran read portions of the draft and gave examples of
26 how RRO is applied.

27
28 Mark Hales asked if a link to RRO will be provided for residents. Mr. Sheeran responded that a
29 version of the book is produced each year and can be purchased as a .pdf. Books can be ordered
30 for the Council and anyone can access RRO online. Mr. Sheeran requested the Council’s feedback

1 on adopting RRO and suggested it be brought back to the Council as a text amendment. The RRO
2 cheat sheet was reviewed and discussed by the Council.

3
4 City Manager, Mark Reid, reviewed City Code relating to adding items to the agenda and requested
5 that the Code require three City Council Members to add an agenda item. Mr. Sheeran compared
6 RRO and City Code and reported that the City Manager controls the agenda and adds items to it.

7
8 Wendy Aston did not want to require more than two Council Members to add an item to the agenda.
9 Mr. Sheeran responded that RRO requires two Council Members to place an item on the agenda
10 and three to remove it. Dave Kallas commented that the suggestion is a formal process but
11 currently the process is very informal. Mr. Sheeran explained that if an item is presented to the
12 City Manager before the agenda is published, the informality is not an issue. After the agenda has
13 been published the formality will be required. If formal noticing is required, it will not be added
14 to the agenda until the noticing is complete. If, however, it is an item that does not require to be
15 noticed, it can be an informal process before the meeting. If an item on the agenda is to be removed
16 during the meeting, the process in RRO can be used.

17
18 Finance Director, Bruce Kartchner, reported that when the Council is working together, the
19 informal process is effective; however, if there is a contentious issue, RRO can be used to assist in
20 addressing the issue. He suggested clarifying the process to prevent issues in the future. Wendy
21 Aston agreed and stressed the importance of having an agenda that the Council has control over.
22 The other Council Members and Mayor Timothy agreed.

23
24 Mr. Sheeran offered to draft a formal text amendment for the implementation of RRO. Dave Kallas
25 suggested that Mr. Sheeran present the amendment at the meeting after next to allow time for the
26 Council to review the draft. Mr. Sheeran would implement similar rules for both the Planning
27 Commission and City Council.

1 Mr. Reid did not have a preference concerning how Council Members add or remove agenda items
2 but needed to know the Council’s preference. It was determined that two Council Members can
3 add an agenda item and three are required to remove it. Mr. Sheeran agreed to incorporate this
4 decision into his draft. The power and authority of the Council was discussed with Mr. Sheeran
5 being asked to research the matter and present his findings to the Council.

2.3 Discussion Relating to Traffic Calming Measures, Staff Presenter, Michael Fazio.

10 City Engineer, Michael Fazio, reported that the Engineering Department received a request for
11 signs to reduce speeds on specific streets in the City. These signs can be effective but are
12 expensive. He did not know if the funds were available in the budget. Mr. Kartchner reported that
13 the budget currently includes funds to purchase the signs; however, the Council has the option to
14 reduce the amount if they desire.

15

16 Mr. Fazio identified the desired sign locations on a map displayed and reported that the signs can
17 reduce speeds by two to six miles per hour. Currently, the City has no criteria for radar sign usage.
18 Mr. Fazio recommended that radar signs to be placed after a study is completed in each area. Dave
19 Kallas suggested that the Council consider developing a standard to measure resident’s requests
20 relating to roadways.

21

22 Mayor Timothy reported that the Council purchased mobile units that assist police with data
23 collection; however, they do not appear to be effective. There have been a significant number of
24 streets that have requested the signs, but they have been rejected because of cost and lack of
25 effectiveness. If a standard was created, many streets would meet the criteria to receive a sign,
26 however, maintenance needs to be considered. The above item involves the request for approval
27 of four signs with the understanding that additional signs will need to be purchased if a standard is
28 created.

1 Jeff Gaston reported that a German Shepherd was recently struck by a vehicle on Freedom Point
2 Way. He stated that it is only a matter of time before a child is hit on this road and action needs to
3 be taken. A speed reducing sign with police lights that flash that will be permanent and the sign
4 can be placed on an old car with a mannequin or police officer inside.

5
6 Mayor Timothy explained that if the Council approves the above-mentioned sign, one will also
7 need to be placed on 15000 South. Jeff Gaston stated that the car can be moved from Freedom
8 Point Way to 15000 South. Mr. Fazio identified obstacles on Freedom Point Way as another
9 option. It was reported that the speed wagon was moved to Freedom Point Way and data will
10 begin to be collected.

11
12 **3. Council Discussion.**

13
14 Traci Crockett recommended showing support for the Police Department during this difficult time.
15 The most effective way to do this is to have the community and elected officials support them.
16 Jeff Gaston suggested that the Mayor and City Council post a public statement in support of our
17 police officers on social media and in the newspaper.

2 Finance Director, Bruce Kartchner, reported that the Certified Tax Rate numbers were received
3 earlier in the day. The Certified Tax Rate for Utah and Salt Lake County is .001695 and is applied
4 to all Bluffdale residents as an equalization rate. He explained that each year the Certified Tax
5 Rate increases and decreases. Even though the tax rate is higher this year does not mean there has
6 been a tax increase. There is a tax increase if the City sets its tax rate higher than the County's.
7 Based on growth, a tax rate typically decreases; however, many cities maintain the Certified Tax
8 Rate at the same level as the previous year. What is proposed is a tax increase, which requires the
9 City to go through the Truth in Taxation process.

10
11 Mr. Kartchner explained that the purpose for this is the State of

16
17 Mr. Kartchner reviewed the history and process to create the Final Budget. Various funds from
18 the budget were highlighted with the expectations and descriptions reviewed. Staff spoke to each
19 department head to determine their needs, which was driven by specific direction of the Council.

20
21 Mr. Kartchner reported that service level issues need to be addressed at certain times and staff
22 appreciated the direction the Council gives in this regard.

23
24 Mr. Kartchner reported that there has been a change in the revenue expectation because the
25 Certified Tax Rate causes this to come in at a lower amount than originally estimated. Staff would
26 be reevaluating the budget frequently this year to reveal any recovery of funds. To bring in a
27 balanced budget this year and to keep costs down, there were to be no Cost of Living Adjustment
28 (“COLA”) or merit increases for personnel. Staff would like to return mid-year to address potential
29 revenues. The Council expressed their desire to recognize and show appreciation to City staff and
30 to do what is necessary to bring back those increases.

1 Mr. Kartchner identified areas in the budget that have increased service levels. The Fire
2 Department received an increase in the overall budget including additional equipment. The
3 organization of funds since the last iteration of the budget with the Fire and Police Departments
4 were reviewed. Mr. Kartchner reported that there are funds that show a deficit balance in
5 projections, but ultimately it will not be a deficit.

6
7 Chief Accountant/Human Resources Director, Stephanie Thayer, presented the changes made
8 since the last iteration of the budget as well as the last-minute revisions as a result of the Certified
9 Tax Rate change. It was noted that the budget needs to be adopted before June 22, 2020.

10 Ms. Thayer reviewed the expenditures for the Fire Department and items the department will not
11 receive at this time. This, along with COLA and merit increases, will be the priority as revenues
12 increase.

13
14 In response to a question raised, Mr. Kartchner reported that merit and COLA increases are
15 estimated to be 4.2% overall based on a 1% merit and 3.2% COLA increases. The calculation was
16 estimated to be \$40,000 per percentage point of change.

17
18 Council Member Gaston reported that he would like to withdraw his original request for speed-
19 reducing signs, and instead request 1 or 2 signs with police lights. Speeding traffic on Freedom
20 Point Way is an issue and the police car moving the sign around to various locations will be
21 effective. The budget for the signs was discussed and it was reported that the residents are
22 requesting speed-reducing signs. Mayor Timothy reported that residents throughout the City have
23 requested the signs and stated that a policy should be adopted to measure which area receives one.

24
25 In response to a comment, Dave Kallas stated that the Council can decrease the amount of money
26 budgeted for this item and determine a solution later. Wendy Aston approved of the budget amount
27 discussed, however, there are other options to consider rather than the signs. Mr. Kartchner
28 requested that one type of sign be determined to save on maintenance costs. The Council approved
29 of this budget item being reduced from \$17,000 to \$10,000.

30 worked with other cities to provide high school seniors with a charm to be hung from their
31 tassels in recognition of their graduation and to express support on behalf of the City. The
32 tassels were distributed at the Riverton High School Parade.
- 33 • Porter Rockwell Boulevard Segment 4 was paved and the sidewalk was being poured.
34 Segment 5 on the opposite side of the river is complete with a bridge needed to complete

- 1 • The Mayor displayed a photo of a plastic partition that was engineered as part of a design-
2 build project administered by Mr. Kartchner. It was intended to be temporary yet effective
3 and not overly obtrusive. Partitions were added since social distancing will likely be long
4 term. He thanked staff for their efforts to help City staff and residents cope with
5 COVID-19.
- 6 • Participation in the Community Garden in Independence had doubled with additional grow
7 boxes. The garden is well maintained with the grow boxes are weeded and watered and
8 the plants growing well. He was pleased that it has been so successful. There is a gazebo
9 in the middle that Carl Harris and his wife contributed in remembrance of his brother-in-
10 law who provided funds in his trust to benefit communities. Mr. Harris donated the labor
11 with the gazebo funded through the trust.
- 12 • Mayor Timothy suggested the desire to provide cameras in all police vehicles. He reported
13 that the Saratoga Springs Police Department has about 45 cameras, which is enough for
14 every officer plus a few additional. The cameras are nearly two years old, which is the end
15 of the warranty period. Saratoga Springs plans to extend that warranty by one year but
16 have no plans after the end of the third year. Of the 45 cameras purchased, five have needed
17 to be completely replaced and a few have had warranty repairs. Overall, they have been
18 fairly reliable. Mayor Timothy stated that when a body camera is activated, the car camera
19 is activated as well and reverts back 30 seconds. He suggested that body cameras be
20 included in the budget as part of the increase in revenue so that each control vehicle has a
21 camera.

22
23 **9. City Manager Report and Discussion.**

24
25 Mr. Reid reported on the following:

- 26
27 • In the past, City Council Meetings have not been video recorded, however, currently they
28 are streaming the video. He asked if the Council was committed to doing that on an
29 ongoing basis. The consensus of the Council was to continue to stream meetings. Dave

- 1 Kallas preferred to post the audio online. Meeting audio and video have been retained
2 internally since the new building was completed. Mr. Kartchner indicated that the storage
3 of the video on the City’s website after a certain point becomes expensive so he did not
4 suggest they post the meetings permanently. Older meetings are available from staff and
5 are retained forever.
- 6 • The Public Works property was to be closed on the following Friday and the adjacent
7 property will follow by August. As they design the new building, they have the opportunity
8 to continue to work with their current architect. The new building will be a design-build.
 - 9 • The following day all frontline staff were to be back in the office rather than working from
10 home. Specific situations, however, would continue to be dealt with on a case-by-case
11 basis.
 - 12 • Garbage pickup will switch this week.
 - 13 • Old West activities were underway a postcard finalized. Mayor Timothy had received
14 positive feedback.
 - 15 • A call was received from a representative of the Church of Jesus Christ of Latter-day Saints
16 who indicated that with missionaries coming home from overseas, there are more
17 missionaries in the area. As a result, they can provide up to 250 volunteers for any projects.
18 Mr. Reid challenged staff to come up with a project to utilize them.
 - 19 • June 30 is the Primary Election. Bluffdale will not have a voting center and there will be
20 no in-person voting.
 - 21 • Mr. Kartchner reported that over the last few years their general liability insurance
22 premiums, specifically Workman’s Compensation, have been relatively low and in some
23 cases has decreased. He commended the Public Works Department who has the biggest
24 impact on the City’s rating. He appreciated their work to train and for staying safe.
 - 25 • Work was ongoing on 14600 South with Rocky Mountain Power needing to move some
26 power lines. Feedback from the Council on the name was appreciated.

35

36 Mayor Timothy commented that the fourth strategy in the Planning and Zoning section is

1 dates on this strategy will make it more achievable. Dave Kallas agreed and commented that he
2 would appreciate feedback on measurements from staff.

3
4 City Planner/Economic Development Director, Grant Crowell, reported that if the budget is
5 adopted at this meeting, staff can begin to prioritize tasks.

6
7 Mark Hales asked if it would be preferable to make the changes to the General Plan at the same
8 time rather than instead of breaking them down. Mr. Crowell responded that there are specific
9 designs and areas that may be difficult to complete at the same. There is much to revise in the
10 General Plan. Mayor Timothy reported that the General Plan change is possible to do all at once,
11 however, the public process needs to be achieved in smaller pieces due to the increase in key
12 corridors. Mark Hales reported that going through the public process for each of the key corridors
13 will take a significant amount of time. Mr. Crowell stated that there are different ways to approach
14 it.

15
16 Dave Kallas asked about the cost and time involved in revising the entire General Plan.
17 Mr. Crowell reported that a current General Plan is estimated to cost approximately \$100,000. He
18 was not able to review the expected duration for lack of time.

19
20 Dave Kallas presented the objectives, strategies, goals, and measurements for the Marketing,
21 Branding, Image and Economic Department and Business-Friendly Processes sections of the
22 Strategic Plan. Mayor Timothy suggested they include a list of grocery stores the City wishes to
23 obtain along with a matrix to assist in the recruitment in the fourth strategy of the Economic
24 Development and Business-Friendly Processes section listed. This will provide an opportunity for
25 the City to review each desired grocery store and communicate with them when necessary.

26
27 Dave Kallas was receptive to recommendations, suggestions, and discussion and hoped it could be
28 adopted quickly. The Strategic Plan tasks could be listed as the first item on each meeting agenda
29 to discuss and monitor the progress of each priority. Mayor Timothy stated that it will be beneficial
30 to create a matrix to show status and progress on goals and strategies.

2 Mark Hales commented that the deadlines for the goals and strategies need to be measured in terms
3 of when they can be completed and rank the strategies by priority. Dave Kallas confirmed that the
4 goals and strategies can be ordered by the deadline. Mark Hales stated that staff could place
5 deadlines on the tasks they are responsible for. Dave Kallas reported that the dates assigned to
6 each goal and strategy are flexible but have been added to prepare for unexpected issues.

7
8 Mark Hales thanked those on the Committee who drafted the Strategic Plan.

9
10 Economic Development Strategic Plan Committee Member, Steve Walston, remarked that the
11 process has been insightful and will help the Planning Commission be more efficient.

12
13 Traci Crockett expressed her approval for the Strategic Plan as it gives the Council guidance on
14 top priority items.

15
16 Dave Kallas reported that he made a deliberate effort to listen to the Council and Commission in
17 determining priorities for the Strategic Plan. It is significant for City officials to feel ownership of
18 the plan and agree on its priorities.

19
20 Mayor Timothy asked about next steps. Dave Kallas responded that the Council can adopt the
21 Strategic Plan at a City Council Meeting and review it each month at Economic Development
22 Meetings. Mayor Timothy suggested keeping the plan as a living document. However, it is
23 important to track the progress of each item, no matter if it is a living document or an adopted plan.

24
25 Dave Kallas reported that the Committee was quick to complete the plan to meet any budget
26 considerations and deadlines in the plan. He desired to move forward with a list of goals.

27
28 Traci Crockett approved of the plan presented and agreed with tracking the goals as progress is
29 made. She recommended that the plan be executed regardless of whether it is a living document

1 Wendy Aston and Jeff Gaston agreed with Dave Kallas that the strategy will be more effective by
2 finalizing the plan and executing the priority tasks.

3
4 Mayor Timothy commented that a key component of the plan is City staff as they are the experts
5 on how to accomplish each item on the plan.

6
7 Dave Kallas asked if the Strategic Plan adoption is required to take place at a City Council meeting.
8 He suggested it remain within the Economic Development Committee and execute the Strategic
9 Plan immediately. Mayor Timothy asked if the Strategic Committee will continue to meet and
10 support the progress of the plan to narrow the focus on what is discussed at each Economic
11 Development meeting. Dave Kallas responded that this Committee was intended only to draft the
12 Strategic Plan.

13
14 Mr. Walston suggested the Committee meet quarterly.

15
16 Mayor Timothy concluded that the plan will be turned over to staff who will create a timeline, a
17 “what’s next” matrix, as well as a roadmap to determine how to reach goals and dates. Dave Kallas
18 added that staff can provide reality checks as the Strategic Plan is acted upon.

19
20 Mayor Timothy suggested that the existing Committee meet in three months to evaluate its status
21 and bring their recommendations to the Economic Development meeting.

22
23 Mr. Crowell asked the Council to inform staff if they have recommended items they want to focus
24 on. Mayor Timothy stated that the current Committee should not get bogged down in the details
25 of the Strategic Plan. City Manager, Mark Reid, will assign staff to engage the proper detail to
26 meet the objectives. However, in Economic Development Meetings, a higher level of discussion
27 is required to ensure the progression of goals. Dave Kallas reported that the Committee will give
28 a list of priorities to staff, who will then report on the list in the next meeting.

29
30 Mayor Timothy approved of the Strategic Plan.

REDEVELOPMENT AGENCY BOARD
COMBINED MEETING MINUTES
Wednesday, June 24, 2020**

1 Mr. Sheeran reviewed other revisions in the amendment as well as three options the Council will
2 consider concerning fee schedules and their advantages or disadvantages. A Hearing Officer was
3 contacted and an agreement of \$5,000 was reached for specific services. The City will contract
4 with three Hearing Officers to provide various services.

5
6 Dave Kallas asked if the ordinance being reviewed specifies that the City will use a Hearing
7 Officer. Mr. Sheeran explained that the Notice of Pending Ordinance will state that the City will
8 use a Hearing Officer and that staff can determine which Hearing Officer to use depending on the
9 service needed. Because this is a pending ordinance, future applicants will be notified that a
10 Hearing Officer will be utilized if reasonable accommodation is requested until the Council adopts
11 the appropriate ordinance. Mr. Sheeran recommended the occupancy limit to be set at eight.

12
13 Jeff Gaston stated that it would be beneficial to set the reasonable accommodation number as low
14 as possible to prevent it from getting too high. Mr. Sheeran stated that the number the applicant
15 is requesting should depend on science. There will be more reasonable accommodation requests
16 if the number is set too low.

17
18 Council Member Kallas suggested it remain open for the applicant to decide their own reasonable
19 accommodation number. Mr. Sheeran shared his research and experience and stated that
20 determining a number for reasonable accommodation is necessary. He gave examples of the
21 analysis for reasonable accommodation. Dave Kallas recommended the same number be chosen
22 for implementation in all zones due to discrimination. Mr. Sheeran reported that an applicant
23 cannot win in court on a discrimination claim.

24
25 In response to a question raised, Mr. Sheeran reported that if the City charged a fee for a reasonable
26 accommodation request, other types of attorney services would also need to have fees. He also
27 noted that extending the time period for review is a violation of the Fair Housing Act.

1 Council Member Gaston recommended setting the number at four and agreed with Council
2 Member Kallas that it should be across all zones.

3
4 Wendy Aston stated that housing laws are very strict and the number Mr. Sheeran was
5 recommending is appropriate. Issues will arise if the number is consistent across all zones. She
6 trusted the City’s legal counsel and their research and experience. Mr. Sheeran confirmed that it
7 will be moved out of the Land Use Code.

8
9 **3. Council Discussion.**

10
11 Council Member Aston reported that she received several calls regarding motorized vehicles
12 driving on the Jordan River Trail specifically at Spring View Farms and Parry Farms. She
13 contacted the County requesting additional signs as well as additional trail maintenance. Soren
14 Simonson from the Jordan River Commission is expediting the process with Salt Lake County to
15 attain greater action due to the issue being in several areas through the County.

16
17 City Manager, Mark Reid, spoke to Sergeant Zach Robinson regarding funds for additional
18 patrolling of trails. Mayor Timothy recommended that the County patrol the trails. In response to
19 this comment, it was stated that the State has provided additional police funds to each City for this
20 purpose. Mr. Reid reported that Sergeant Anderson is researching laws to determine if it is
21 permissible to issue citations to those riding vehicles on the trails.

22
23 **4. Administration of the Oath of Office to the Bluffdale City Attorney, Todd Sheeran,**
24 **and the Bluffdale City Fire Chief, Warren James, Presenter, Judge Scott Mickelsen.**

**and Dwelling from Twenty Feet (20') to Ten Feet (10') in the R-1-43 and R-1-87 Zones.
(Application 2020-28), City of Bluffdale, Applicant, Staff Presenter, Ellen Oakman.**

1
2
3
4 Associate City Planner, Ellen Oakman, presented the staff report and described the purpose of the
5 above item. Mayor Timothy asked if the 10-foot distance requirement is on all four sides of the
6 building. Ms. Oakman confirmed that it is. Ms. Oakman reported that a Council Member inquired
7 about accessory requirements and standards. The Code requirements were reviewed. In response
8 to a question raised, Ms. Oakman reported that the side setback for the 10-foot distance is from the
9 rear plane of the home. It was noted that the zone applies to the CRO Zones, however, the 30%
10 lot coverage applies, which would limit what is built on the property.

11
12 Mayor Timothy explained that there are accessory buildings in front of homes in Bluffdale City
13 and the above item removes the restriction for residences. City Planner/Economic Development
14 Director, Grant Crowell, confirmed that with any accessory building housing animals is required
15 to be 75 feet from any dwelling. The ordinance history of the above item was reviewed. The City
16 strives to provide more options for accessory buildings for families and individuals.

17
18 Mayor Timothy opened the public hearing.

19
20 Dan Hardle gave his address as 3437 Shiloh Creek Circle. He thanked the Council for considering
21 the change to the above item and stated that the proposed revision will give him more flexibility
22 to develop his property.

5 Mr. Crowell presented the staff report and reviewed the history of the above item and identified
6 the definition of a funeral home.

7
8 Mayor Timothy opened the public hearing. There were no public comments. The public hearing
9 was closed.

10
11 Mr. Sheeran reported that the language in the ordinance is satisfactory and should not present an
12 issue.

13
14 Dana Howland, one of the property owners, reported that the tenant was not able to be in
15 attendance. The tenant previously contacted Council Member Kallas and informed him that he

Wednesday, June 24, 2020**

1 Council Member Gaston expressed a desire to discuss the Rodeo Arena and requested that for non-
2 profit events, non-residents pay a fee of \$200 for a four-hour block and a \$25 fee for residents. He
3 also requested that the fee be cut in half for non-commercial events for City residents and increased
4 to \$400 for non-residents. Mr. Sheeran read the City standard and explained that a fee can be
5 charged separately for residents and non-residents; however, the City will be required to explain
6 differing fees. Mayor Timothy stated that Bluffdale City residents are paying taxes on the arena.
7 Mr. Sheeran recommended that the ordinance, as written, be retained and an amendment added at
8 a later time.

9
10 Jeff Gaston recommended implementing a system to give residents more opportunity to use the
11 arena. Mr. Kartchner requested that the days and times the arena is to be used by residents be
12 identified. A greater number of people use the arena because Riverton City's arena is not available.
13 There was discussion of rewording the requirements for non-profit organizations to use the arena.
14
15 Jeff Gaston recommended bringing the matter back at the next Council Meeting to allow
16 Mr. Sheeran to revise the requirements for use of the arena and get feedback from residents.

17
18 Council Member Gaston reported that the soccer fields require a significant amount of
19 maintenance. He recommended adding a charge for competition organizations to use the soccer
20 fields. There would be no cost for non-profit organizations to use the fields. Dave Kallas
21 recommended that the soccer field be included with the baseball diamond in the ordinance.

22
23 Mr. Kartchner stated that players will carve the grass into a variety of sizes depending on the size
24 of the group and assigning and controlling practices becomes an issue.

25
26 Dave Kallas recommended postponing the discussion and inviting Public Works Director, Shane
27 Paddock, to provide information regarding this item. Mr. Kartchner informed the Council that
28 other steps may need to be completed before this is fully implemented.

Wednesday, June 24, 2020**

1 Jeff Gaston asked why the Culinary Water Fee is increasing. Mr. Kartchner reported that the City
2 received an increase from their provider. The City earns a fraction of a penny on 1,000 gallons of
3 water. Council Member Gaston reported that residents pay a significant amount for culinary water
4 since they do not have secondary water. He did not want culinary water costs to increase; however,
5 he did not want the City to lose money.

6
7 Council Member Gaston asked why the base fee for secondary water is being waived.
8 Mr. Kartchner reported that there is no additional cost to add the secondary water to the culinary
9 service. It is not possible to retain the Secondary Water Fee to reduce the Culinary Water Fee.

10
11 Dave Kallas asked how fee increases are calculated. Mr. Kartchner explained that it depends on
12 different areas and the ordinances that have been passed by the City, State, or Federal
13 Governments. Costs change and a significant number of the changes are based on changes the
14 City has no control over. The intent was to cover the City's costs with respect to the various fees.

15
16 Concerning Hearing Officer fees, Mr. Kartchner reported that a fixed fee with a 50/50 share has
17 been set. In response to a question raised, Mr. Sheeran reported that the average cost for Hearing
18 Officer engagement depends on the type of decision. The types of services provided by Hearing
19 Officers were listed.

20
21 Mayor Timothy approved of Option 1. Mr. Sheeran reported that it is similar to South Jordan's
22 policy. Mr. Kartchner reported that historically the City has tried to balance the actual costs and
23 make it cost-prohibitive. Dave Kallas commented that residents are put in a difficult situation if it
24 is not cost-prohibitive.

25
26 In response to a question raised, Mr. Sheeran reported that he previously found a Hearing Officer
27 who agreed to a flat rate based on the type of hearing. The purpose of a variance and how it relates
28 to reasonable accommodation was explained.

1 Mayor Timothy explained that a variance for Bluffdale City residents will possibly be less than
2 the recommended flat rate of \$750.

3
4 Mr. Sheeran reported that the City Council has the power to waive or change the fee, however, this
5 would need to be done with caution.

6
7 Jeff Gaston and Dave Kallas approved of Option 1. Dave Kallas requested Mr. Sheeran report to
8 the Council via email with updates on the activity of the Hearing Officer. Mr. Sheeran reported
9 that Hearing Officers reduce liability for the City and a resident can appeal to a Hearing Officer
10 after a license is denied, suspended, or revoked.

11
12 With regard to the arena, Council Member Hales asked if other non-profit groups will feel
13 discriminated against if 4-H is the only group whose fee is waived. Mr. Kartchner explained that
14 the purpose of offering this to the 4-H Club was to encourage these types of groups within the City
15 and to give them preferential treatment. Mr. Sheeran offered to conduct further research on the
16 issue and report back to the Council. Mayor Timothy recommended postponing the arena
17 discussion.

18
19 Mr. Sheeran anticipated a reasonable accommodation request from a current operating facility that
20 never technically applied for an increased residency amount.

21
22 The Council Members all expressed support for Option 1.

23
24 Dave Kallas asked why there was a significant increase in Cemetery fees. Mr. Kartchner reported
25 that it was based on the amount of time the Public Works Department spends on maintenance. The
26 City's fees were considerably less than neighboring cities. More time will be spent on the business
27 aspect of the cemetery, with the potential to expand it. It was suggested that the Cemetery be
28 recognized as an Enterprise Fund. The increase is not arbitrary and is within the realm of other
29 cities and private enterprises. It was noted that Bluffdale City's impact fees are low compared to
30 other cities.

1
2 Council Member Kallas reported that he had received calls from residents expressing frustration
3 that the City’s impact fees are high. Wendy Aston and Traci Crockett compared the City’s impact
4 fees to other cities and learned that Bluffdale City’s are lower. Mr. Kartchner stated that on certain
5 items a 3% increase for fees is applied, however, increasing all standards is not appropriate.

6
7 Mr. Kartchner reported that less than 400 people are paying for the Secondary Water Service Fee.
8 Jeff Gaston was concerned that taxes will need to be raised to support the anticipated Water
9 Building. Mr. Kartchner explained that the City will not need to raise taxes and the funds have
10 been accounted for in the budget.

11
12 Mr. Crowell reviewed the fees for Building and Accessory Dwelling Permits. He reported that last
13 year staff updated the calculation for basement evaluations and made accommodations for
14 residents to avoid higher fees. Jeff Gaston recommended that residents pay a flat fee of \$200 for
15 finished basement permits. Mr. Crowell offered to conduct research to determine if this will be
16 cost-effective for the City.

17
18 Dave Kallas asked about the potential for residents to use a fee calculator to estimate fees to finish
19 their basements. Mr. Crowell reported that the City has a spreadsheet to refer to and residents are
20 required to call or email staff to receive additional information. It was noted that calculators can
21 be a liability due to all fees in the permit not being included. Not wanting to pay the fees, not
22 knowing how to apply them, and extra taxation were identified as reasons residents do not apply
23 for Building Permits.

24
25 The Council agreed to approve the Hearing Officer option and tabled the remaining items to a later
26 date.

1 Ulises Flynn gave his address as 15192 South Skyfall Drive and stressed the importance of

3 ordinance. He preferred to provide for field maintenance through tax revenue. He was in the
4 process of completing a deck on his home and while staff had provided guidance, the website does
5 not give clear direction. Mr. Flynn agreed with Jeff Gaston that residents should be assisted when
6 obtaining a Building Permit and the need to cover City costs.

7
8 There were no further public comments. The public hearing was closed.

9
10 Council Member Hales asked why the credit card surcharge is decreasing and only being applied
11 to amounts of \$3,000 or greater. Mr. Kartchner explained that it is not only charged at \$3,000 and
12 fees are incurred frequently that are refunded. The fees have been adjusted to incorporate the 3%
13 surcharge. Mr. Kartchner reviewed the purpose of the proposed change. Dave Kallas reported
14 that the change was discussed last year.

15
16 City Manager, Mark Reid, reported that the purpose of incorporating the surcharge fee into the fee
17 itself is to remove the surcharge. The deposit surcharge has not been removed from the fee due to
18 the City losing money by previously refunding the surcharge fee.

6 Mr. Kartchner presented the staff report and stated that each year the City approves an initial
7 budget and throughout the year the City is required to approve an amended budget to reflect the
8 changes that occur. The changes can reflect revenue as well as expenses for the City. There are
9 several items associated with the above matter that the City committed to pay as well as
10 reimbursements for costs included in the budget. Many of the items were discussed and approved
11 previously by the Council and have been included in the budget as an adjustment. The above item
12 is the final budget adjustment for 2020.

13
14 Chief Accountant/Human Resources Director, Stephanie Thayer highlighted proposed changes to
15 the budget. Ms. Thayer reviewed the accounts in the General Fund and the recommended changes
16 listed in the Budget Adjustment FY2020 spreadsheet. The purpose of the increases was provided
17 below each account. Mr. Kartchner reported that changes to the telephone for the Fire Department
18 will decrease costs. This has been implemented by incorporating specific hot spots within the
19 vehicles that individual devices will connect to for communication.

20
21 Deputy City Attorney, Gina Miller, applied for a grant the City was awarded for the Cemetery.
22 Mr. Kartchner thanked Ms. Miller for her efforts and explained that the software will help staffing
23 be more efficient when caring for the cemeteries.

24
25 Mr. Kartchner reported that the Contribution Capital Project Fund is shown as an outflow that
26 cannot be greater than the amount budgeted. \$2,000,000 is listed but not anticipated to be
27 transferred over. He explained that staff is required to ensure that there are available funds to make
28 the transfer and still maintain the required 18%. Ms. Thayer reviewed accounts in the Capital

15 **Solicitation Regulations, Staff Presenter, Todd Sheeran.**

16
17 Mr. Sheeran presented the staff report and reported that a Council Member requested that he
18 research door-to-door solicitations. Due to the need to regulate door-to-door salesmen, a Notice
19 of Pending Ordinance was recommended. Other updates to the Business Licensing Ordinance
20 were in the process of being reviewed and door-to-door solicitation was included in the review.
21 Mr. Sheeran described the Notice of Pending Ordinance and the associated process. It allows the
22 City to regulate this type of activity and provides flexibility to work with the language in the
23 ordinance. Mr. Sheeran reviewed the proposed changes to the ordinance.

24
25 Mayor Timothy asked if individuals conducting door-to-door sales will be verified to ensure the
26 safety of residents and if the City will be liable if the individual is not legitimate. Mr. Sheeran
27 explained that the City will have immunity in this situation. Mayor Timothy asked if the certificate
28 is a valid document that ensures the safety of residents. Mr. Sheeran stated that there may need to

REDEVELOPMENT AGENCY BOARD
COMBINED MEETING MINUTES
Wednesday, June 24, 2020**

1 Jeff Gaston stated that residents are requesting the City assist them with individuals approaching
2 their homes. Residents find comfort in those who go through the City’s process to receive a
3 certificate. This process will deter many and a penalty will be imposed on those who do not have
4 a certificate. Mr. Sheeran reported that there is currently no requirement regulating solicitors and
5 the City cannot ban door-to-door sales.

6
7 Dave Kallas considered the proposed resolution to be a heavy-handed approach. Council Member
8 Gaston stated that the intent is to discourage fraudulent individuals. Dave Kallas asked if a pending
9 ordinance is required to regulate solicitors. Mr. Sheeran reported that the ordinance is allowed
10 without a pending ordinance. The pending ordinance only allows time to draft a well-written
11 ordinance. Dave Kallas was not opposed to regulating solicitors but recommended the City take
12 the time needed to draft an ordinance.

13
14 Jeff Gaston commented that the above item will stop door-to-door sales effective immediately and
15 provides support to police officers. Mr. Sheeran stated that it also empowers residents who post
16 “No Soliciting” signs. He would research whether solicitors without a certificate can leave flyers
17 on doorsteps without knocking.

18
19 Mayor Timothy opened the public hearing.

20
21 Ulises Flynn was in favor of regulating door-to-door sales and asked how doing so will impact the
22 Police Department. Council Member Gaston responded that the Police Department will approve
23 of the ordinance and appreciates having an ordinance to enforce. Residents calling to report
24 uncertified salesmen are expected to be low, however, a reevaluation of how to handle the calls
25 will be implemented if they increase. Staff will not have an issue handling the increased number
26 of applications for solicitations.

27
28 There were no further public comments. The public hearing was closed.
