1 constructed on Bangerter Highway. With him was UDOT Public Involvement Manager, Katie
2 Kourianos, and Environmental Engineer, Tyler Allen. Mr. Allen stated that he has worked with
3 Mr. Fazio before and served as the Project Manager for the Porter Rockwell Boulevard Project.
4 He presented an overview of the Bangerter Highway environmental studies. He explained that
5 13400 South, 9800 South, and 4700 South were all funded for construction in 2023. The area from
6 4100 South to California Street was funded for construction in 2028. The environmental document
7 was to be completed in 2022/2023. 2700 West had not yet been funded. Mr. Allen stated that this
8 project was the final push to make Bangerter Highway a fully operational freeway.

9
10 Mr. Allen presented the 2700 West State Environmental Study to the City of Riverton several
11 weeks prior. The purpose of the project was to improve safety and increase mobility. The scope
12 was to replace the traffic signal with a freeway interchange. The intent was to reduce the number
13 and severity of crashes, reduce travel time, and improve mobility in all directions. A pedestrian
14 bridge was planned. Meetings with the school district and community were planned to relocate
15 the bridge. Mr. Allen explained that the plans align with UDOT's vision for improving the quality
16 of life through connecting communities, good health, a strong economy, and better mobility.

17
18 A slide showing the draft schedule for the Environmental Study was presented. Mr. Allen
19 described the different activities and stated that the environmental process is flexible. They were
20 addressing multiple interchanges at one time. He provided a flyer that addressed how the State
21 Environmental Study process works.

22
23 Mr. Allen reported that they are in the early phase of the project and have met with the City on
24 utility locations. They have several different interchange configurations to decide on because of
25 the low volumes on 2700 West. Other interchanges on Bangerter are single-point urban
26 interchanges. They plan to evaluate the costs, benefits, and environmental impact of shifting
27 Bangerter Highway to the east or west. Mr. Allen explained that usually a highway is widened to
28 one side or the other or both. Mr. Allen explained that UDOT does not pump water but relies on

2 South.

3
4 Mr. Allen showed a slide with several public outreach coordination efforts UDOT is pursuing to
5 involve the public including social media, a website for Bangerter Highway, and public meetings
6 including neighborhood specific meetings. Dates were to be finalized as the study progresses.
7 They are meeting with staff monthly and presenting study milestones to the City Council.
8 Mr. Allen described the various ways to communicate with the environmental project and
9 construction teams.

10
11 Mr. Allen addressed Mayor Timothy's questions regarding Bangerter going "over and under". He
12 explained that the team will calculate the cost of the traditional approach and the "under" approach.
13 The City will work with UDOT on design. The intersection will be closed for six to eight months
14 for the construction of Bangerter to go under 2700 West to help reduce costs and address safety
15 issues. Mr. Allen explained that past projects have cost \$2 to \$6 million. The Bangerter 3 Project
16 included two "under" interchanges and was \$40 million over the estimate, which was mainly due
17 to utility issues. Mayor Timothy asked about the sewer situation on the Bangerter 3 Project.
18 Mr. Allen explained how the engineering worked. He stated that there are not as many utilities at
19 the subject interchange but going "under" is still more complicated.

20
21 Council Member Mark Hales asked when the subject project will be up for funding. Mr. Allen did
22 not know but stated that the current Transportation Investment Fund ("TIF") was active to 2030.
23 The subject project was ranked 10 on the funding list. Mr. Allen explained that the larger section
24 of Bangerter Highway to California Street is funded through 2028 and the other three interchanges
25 are funded through 2023. The subject project is the last interchange.

26
27 Council Member Kallas commented that there will be pressure to complete the final portion of the
28 project. He asked about a rumor that suggested that the highway would be a thru road without an
29 on/off-ramp. Mr. Allen explained that there are many alternatives to evaluate. Council Member

1 Kallas expressed how important the interchange would be for the City's economic development
2 plans.

3
4 Mayor Timothy explained that Bluffdale and Riverton have agreed that it needs to be an
5 interchange. Mr. Allen explained that the project team will do the analysis and bring it to UDOT
6 management who will engage in conversations with the cities and State. Mr. Fazio stated that there
7 was a possibility of a collapse of slopes because of seepage on the South Jordan Canal. He reported
8 that this could cause canal system failure and future issues. Mayor Timothy provided a picture.
9 There was discussion about studies that had been conducted and immediate concerns.

10
11 Council Member Kallas inquired about the timing. Obstacles such as the railroad were discussed
12 as well as the manufacture of girders and the timing of their delivery. Mr. Allen stated that the
13 girders would most likely come later than desired.

14
15 **3. Council Discussion.**

16
17 Council Member Hales asked if they could discuss Closed Meeting items to be more efficient.
18 Mayor Timothy expressed concern about doing that. City Attorney, Todd Sheeran needed to
19 evaluate whether they could call Closed Meetings on an ad hoc basis.

20
21 Mayor Timothy expressed safety and aesthetic concerns over semi-trucks that parked around the
22 City. He gave the examples of a tankard truck on Heritage Crest Way in front of Listen Technology
23 and a disconnected semitrailer on 15000 South. He presented photographs and addressed how
24 traffic accidents can occur. He asked for the City Attorney's opinion. Mr. Sheeran explained that
25 it is possible to enact an ordinance to restrict how many hours a trailer can be stored on a road. He
26 also suggested the possibility of looking at business licenses in instances where the vehicle is
27 related to a business. Signage and public awareness issues were discussed. Different ways of
28 wording ordinances were addressed.

1 Mr. Sheeran stated that exceptions would be needed for construction trailers at construction sites.
2 Issues concerning boats parked in Independence during summer were brought up. A City-wide
3 overnight restriction was discussed. Mayor Timothy requested something in writing for the
4 Council to look over as a starting point.

5
6 Mayor Timothy brought up the issue of graffiti and asked who was responsible for removing it.
7 He showed a picture of graffiti near the railroad right-of-way. Mr. Sheeran explained that it
8 depends on who owns the property. If it is on Utah Transit Authority ("UTA") property, it is their
9 responsibility. Mayor Timothy asked if someone from the City contacts UTA to have them remove
10 it. Council Member Hales stated that he would ask Public Works Director, Shane Paddock to take
11 care of it. The location of the graffiti was clarified and ongoing issues with repeated graffiti were
12 addressed. The Jordan River Trail under the Bangerter Bridge was an area of concern.
13 Mr. Paddock stated that he directs his crews to clean up as soon as possible.

14
15 Council Member Hales asked if they could address the Closed Meeting immediately. Mr. Sheeran
16 stated that it was best to wait for the scheduled time.

17
18 City Manager, Mark Reid, asked if the Council would like to discuss fireworks. Mayor Timothy
19 stated that it was discussed previously and additional authority was given to the Fire Chief. Fire
20 Chief, Warren James explained that he and Mr. Sheeran met with the State Attorney General and
21 State Fire Marshall. Utah State Law has restrictions on what can be restricted. There are small
22 areas of land that were not included in any other restrictions including the south end of
23 Independence and the park above Spring View Farms. He explained that the City cannot restrict
24 it any further. He stated that if in the future the City wants more restriction options they should
25 write to the State Legislature.

26
27 In response to a question raised regarding three cities that restricted all fireworks, Chief James
28 stated that the Salt Lake City Fire Chief indicated that the Mayor reasoned that they can restrict
29 what they wish because they are the Capital City. South Salt Lake has an ordinance allowing the

1 Fire Chief to impose restrictions for any fire hazard any time of the year. The Attorney General,
2 however, has indicated that they are acting outside of their legal purview. Midvale City chose to
3 enact an ordinance against the advice of their legal counsel. It was noted that Draper will expand
4 their restrictions as well. On Red Flag Days the City has the ability to restrict at will.

5
6 Mayor Timothy reported that the City Council gave the Fire Chief authority and felt it was the
7 right decision based on how knowledgeable the Fire Chief is on the issues. Chief James stated that
8 they will be enforcing their restrictions on July 3rd and 4th. An investigator from the Fire
9 Department will work each night to help with citations and enforcement. It was reported that the
10 door-to-door campaign in Bringhurst Station was underway. Firefighters were working on a film
11 for the City website focusing on fireworks safety.

12
13 Chief James was asked how the citations will work. He explained that State law requires that
14 officials see an individual light the fuse or a bystander takes a picture of someone lighting a fuse
15 and signs a complaint. He explained it is almost impossible to enforce.

16
17 Mayor Timothy stated that if a fire is started there is a more defined recourse. Chief James stated
18 that if a fire is started, they can pursue the cost of firefighting. Citations can be issued ranging
19 from \$250 to \$1,000. One of his concerns was an overwhelmed 911 system. He stated that they
20 are advertising non-emergency lines to call in the case of illegal fireworks.

21
22 The Fire Department will provide one more map that will include more areas that will be restricted
23 including a section below Hidden Valley Middle School, an extension on Spring View by the river,
24 and a section on 14600 South between the river and 1300 West. There was concern about the
25 fireworks at Old West Days. The 12 to 15-minute show will cost \$6,000. It can be increased to
26 22 minutes for \$10,000. There was discussion of whether to leave it as is, cancel due to fire
27 restrictions, or expand it. Chief James stated that the Chiefs are encouraging their cities to continue
28 with their fireworks displays and forego private fireworks. Three head nods were requested to

1 include the item in the following year’s budget adjustment. Three head nods were given to expand
2 the fireworks show.

3
4 Chief James was asked about the possibility of a significant fire outside of the City and the
5 availability of fire units. Chief James stated that all grass trucks are being staffed and Wasatch
6 Smokies is allowing the City to use their grass truck for the evenings of July 3 and 4. Extra staff
7 was planned for Type 1 Engines. It was clarified that one would be placed at 14600 South in the
8 River Bottom, one at the south end of Independence, and one in the Bringhurst Station area. The
9 structural engines will stay with the fire stations. The decision to do ice cream as was done the
10 prior year was discussed. Firefighters were adamant that it was well-received by the public and an
11 opportunity to engage in public education. They decided to take ice cream around again.

12
13 It was reported that Bluffdale City is responsible for valley-wide responses during the month of
14 July. The chiefs will rotate. Mayor Timothy asked for clarification. Chief James explained that
15 there is a Communications Chief for the valley. If responses go beyond the point that the computer
16 can recommend calls, the Communications Chief makes the recommendations. The position is
17 rotated monthly. For 2021, July is Bluffdale's month. It was noted that they do not allow the
18 computer to deplete areas of fire resources.

1 matter is not yet resolved. Mr. Andra stated that he sent in pictures to the City and personally
2 spoke to members of the Council. He wondered if one of the reasons the stormwater cost was
3 going up was to pay for the cost of maintenance to clean out the storm drains.

4
5 Mayor Timothy did not believe his neighbor was the primary reason for the Storm Drain Fee
6 increase and did not realize it was still an issue. Mr. Andra reported that he sent in pictures when
7 15000 South and 2700 West was being cleaned. He recognized that storm drains need to be
8 vacuumed out. It was clarified that there is more than one individual putting things in the storm
9 drains but one specific neighbor has been very problematic. Mr. Andra explained that Mr. Tracer
10 indicated that he could not issue a citation because a judge would not sign off on it. Mayor Timothy
11 asked Mr. Reid to look into the issue. Mr. Andra stated that the Code specifies that it is not allowed
12 to blow grass into the road. According to Officer Robbins, it is a safety issue for people riding
13 motorcycles.

14
15 *Kayla Tibbits* was very emotional and looking to get an ordinance amended in an effort to open a
16 nail salon off of 14600 South. Currently, personal services are not allowed in the zone. Ms.
17 Tibbits had planned to move into the building in the coming days. She expressed a desire to have
18 the issue taken care of quickly and stated that she previously sent emails to the City Council. It
19 was noted that not much can be done in two days because the ordinance change needs to be posted.
20 A nail salon did not seem to be an issue in the area. Two weeks were given as a timeframe for
21 changing the ordinance. Mayor Timothy stated that expanding a City-wide personal services
22 ordinance would be a good idea. Other Council Members agreed. There was some question as to
23 why personal services were originally not allowed. Mayor Timothy believed it was an oversight.
24 It was suggested that the City be the applicant for the ordinance change rather than Ms. Tibbits.
25 Timing issues were discussed. City Planner/Economic Development Director, Grant Crowell, was
26 asked to include the matter on the next meeting agenda, if possible.

27
28 A Tentative Business License was discussed as an option as well as a Special Meeting to address
29 the issue. An electronic meeting was scheduled for July 8.

31 and Council are authorized to enact certain measures in response to drought situations. The
32 language was changed to reflect a recommendation rather than a mandated water use reduction.

1 Mayor Timothy stated that as a City they should be responsible for water every year not just in
2 drought years. He explained that because of COVID-19 the City implemented ideas that they will
3 continue to pursue. He suggested taking a proactive approach to water resources using the newest
4 technology. Mr. Fazio agreed and stated that the City is continuously monitoring water use and
5 irrigation with smart systems and by other means.

6
7 Mr. Fazio explained that Public Works Director, Shane Paddock, has been working to revise the
8 City's system. They have received grants from Jordan Valley Water Conservancy District
9 (“JWCD”) to install new sensors and smart clocks. Mayor Timothy studied the Public Works
10 water data and was impressed with the advanced technology the City uses. He expressed a desire
11 for the City to be on the cutting edge of technology even when there is no drought.

12
13 Council Member Crockett asked about the penalties for violations. Mr. Fazio explained that it is
14 a water rate that is based on usage, which doubles the cost of water. He would discuss the situation
15 with JWCD who may have to consider other measures. It was clarified that it does not
16 necessarily double the rates. The first step is a 35% increase. The next is 35% off the base rate.

25 Mr. Sheeran reported that he was asked to make changes to the City's volunteer policy and
26 discovered that there was none. He looked at what other cities had done and designed a policy
27 that would work for the City and volunteers. He stressed that this is the first draft and changes
28 will be needed. It was sent to staff recently and had not yet received much feedback. Mayor
29 Timothy praised the volunteers and stated that the subject resolution will prevent him from
30 volunteering for the City. Several Council Members agreed.

2 Mayor Timothy expressed appreciation to Ms. Garner and all City volunteers. He stated that their
3 input is valuable.

4
5 Ms. Garner stated that she received notification of the proposed resolution earlier in the evening.
6 There was discussion as to whether Ms. Garner was consulted on the matter. She indicated that
7 had not been. Ms. Garner asked for clarification on who is considered a volunteer. Council
8 Member Hales explained that it is anyone who is not paid. Ms. Garner listed people who would
9 be considered volunteers including the Arts Advisory Board, parents, and teenagers. She gave
10 examples of projects where she had 65 teens and youth working as volunteers. The Council
11 determined that they would be considered volunteers. Ms. Graner explained that for the upcoming
12 production of *Annie* many are sewing, making props, and organizing events.

13
14 There was discussion regarding the roles of volunteers including some who only work for one day
15 and parents who help with sets or costumes. Ms. Garner explained that she would not volunteer if
16 it requires fingerprints and interviews. She stated that the ordinance would essentially prohibit
17 Arts Advisory Board productions. Ms. Garner if it would be difficult to conduct background
18 checks and collect fingerprints from all of the volunteers. Mayor Timothy agreed with
19 Ms. Garner's sentiments.

20
21 Ms. Garner stated that if the resolution were to pass, she would be forced to look for work because
22 it would shut down theater productions. She read a quote regarding the importance of community
23 theater. Mayor Timothy stated that if the resolution passes he will stop being Mayor.

24
25 Council Member Aston agreed with Ms. Garner and stated that the resolution should have been
26 broader. There was discussion about the reasoning behind the resolution and some of the important
27 parts of the resolution that could be included later. Issues of liability with volunteers working
28 around children were addressed. It was agreed that there need to be some provisions in place.

9 **Employee Policies and Procedures Manual, Staff Presenter, Stephanie Thayer.**

10
11 Mr. Sheeran reported that he was asked to compile several items to be amended in the Employee
12 Policies. He explained that they include the following:

- 13
- 14 • Restrictions for on-call employees from 30 miles to 45 miles;
 - 15 • Adding a section making the City Council eligible for the City's retirement program;
 - 16 • An allowance and severance pay for full-time FLSA-exempt employees; and
 - 17 • A cellphone reimbursement policy.
- 18

19 The Fire Department also removed provisions related to procedures such as shift changes. A
20 question was raised regarding the purchase of City surplus. Mr. Sheeran explained that it is
21 allowed on a limited basis and is used mainly for electronic devices. He gave an example of his
22 outdated City phone and explained that the Policy prohibits large items such as vehicles.

23
24 Council Member Gaston requested that the changes to departments heads and severance contracts
25 were postponed until there was an opportunity for the Council to have further discussion in a
26 Closed Session. Mr. Sheeran clarified that the policy applies to positions and not specific people.
27 Concern was expressed that individuals who perform those duties will know who they are. He
28 suggested that the matter be discussed in a Closed Session. It was clarified that the policy
29 authorizes the City Manager to create contracts with ceilings and parameters.

7 There was discussion regarding 1.50.060. An alternative motion was suggested.

8
9 Mayor Timothy explained that because it is a resolution, staff can bring it back to the Council at
10 any time and it does not need to be tabled. Mr. Sheeran stated it is good to have Council direction
11 on when to bring it back. Council Member Gaston asked for more clarification on facts before

22
23 Mr. Sheeran reported that he was directed by the Council to draft a Surplus Property Policy,
24 however, it was being done in conjunction with a Purchasing Policy and was not yet ready. The
25 issue arose from real estate the City owns and the lack of policies in place to address surplus
26 property. Mr. Sheeran reported that it appears that the prior City Attorney was following an
27 unwritten policy. The City needs to have a policy in place to ensure that it is operating fairly.

1 long as the procedure is documented. Higher amount items have a different process laid out in the
2 policy.

3
4 Real property is delineated between significant property versus non-significant property based on
5 Utah State Law. Real property used for public rights-of-way, trails, or open space under one acre
6 and under an appraised value of \$25,000 can be disposed of by the City Manager. This is important
7 for roadway expansions and other alignment issues and would not burden the City Council every
8 time small slivers of land need to be disposed of. Significant property will come to the City
9 Council and be properly noticed.

10
11 Council Member Aston asked if it was better to keep it as-is with any surplus property decisions
12 being made by the Council. Mayor Timothy considered it to be a Staff ‘spending limit’.

13
14 Administrative Services Director, Bruce Kartchner, stated that the wording does not narrow down
15 individual component levels but addresses miscellaneous items. They can deal with certain
16 matters without bringing them to the Council every time. Mr. Reid was not in favor of selling
17 anything to employees because of the issue of ‘arms lengths transactions’ and special deals. He
18 was uncomfortable bringing every transaction to the Council but also acknowledged that there are
19 a lot of requests. He expressed concern over whether items were being disposed of fairly.

20
21 There was discussion about how often the Council has dealt with surplus item decisions. Mr.
22 Paddock was asked how he gets rid of surplus. He explained that most of it goes to auction after
23 being brought to Council. Equipment and other large items always go before the Council for a
24 decision. There was discussion about the time and effort of staff with regard to the actual value of
25 items. It was clarified that the items being discussed were diminutive. It was suggested that
26 outdated Fire Department equipment be donated to an applied technology center or Utah Fire and
27 Rescue Academy. The policy allows for the option of donations. Other potential donation items
28 were identified such as benches.

1 There was discussion about the wording of the policy. Mr. Kartchner was asked if he wanted an

3 policy. A question was raised as to whether they could make a change to Section 2.5, which
4 addresses the difference between items that are less than \$200, items between \$200 and \$5,000,
5 and items that are over \$5,000. It was suggested that they add a provision that specifies that all
6 City property that is deemed obsolete, surplus, or unusable be disposed of through the City
7 Council. It was noted that the policy includes various levels for different staff members and the
8 decisions they can make. Mayor Timothy explained that the wording could be changed to require

27 Modifications are made throughout the year for which the Council is asked to make amendments
28 to the budget. The current budget ends on June 30, 2021, and final changes were identified. A
29 broad scope included purchases related to COVID-19 and other unexpected changes to expense

1 to State Law, the budget must balance. He praised Chief Accountant/Human Resources Director,
2 Stephanie Thayer, for her work to assure that the budget is balanced.

3
4 Ms. Thayer reviewed the formatting of the budget packet columns and explained that the “original
5 budget” was clarified as being the budget created before the current amendments. Many of the
6 adjustments were from offsetting revenues such as in the Building Department, Sanitation, and
7 Court. Ms. Thayer explained that there is grant money in the Fire Department. Mr. Kartchner
8 described the circumstances for instances of large changes in miscellaneous money. Ms. Thayer
9 explained that the biggest adjustment was for miscellaneous money due to an overpayment that
10 was refunded.

11
12 The largest number included the contribution to Capital Projects. Mr. Kartchner did not know if
13 they would be moving the entire \$2.5 million to Capital Projects. He suspected that it may be less.
14 If there is more, they will be limited to \$2.5 million. There was concern about not having enough
15 money allocated for Capital Projects in the past and there was discussion about the required
16 contribution percentage. Ms. Thayer reported that the biggest items in Capital Projects were the
17 transfer in from the General Fund and an accounting record of a UDOT property transfer.
18 Mr. Kartchner explained that the UDOT transfer related to the property acquired at the corner of
19 Redwood Road and Bangerter Highway. It was clarified that there was no actual cash or money
20 involved in the transaction.

21
22 Mayor Timothy asked what would be transferred from UDOT to the City for Porter Rockwell
23 Boulevard and 14600 South. Mr. Kartchner estimated that it was \$4.5 million. Ms. Thayer
24 explained that more Class C Road Funds could be utilized than for slurry seal/crack seal use.
25 Mr. Kartchner stated that this would free up money in Capital Projects. Ms. Thayer stated that
26 there are administration charges for the EDA and RDA accounts. Mr. Kartchner commented that
27 because the revenue is higher than budgeted, the Administrative Fee was recalculated per the actual
28 money collected and not the budget.

23 Mayor Timothy reported on the following:

- 24
25 • The City met with the County regarding its General Plan and intent to change it per input
26 from the cities and public. He believed the County was doing a good job of involving the
27 cities and public. The plan deals specifically with unincorporated areas of the County and
28 how they can be developed. Bluffdale only adjoins Camp Williams, which is federal
29 property. In the meeting, Bluffdale emphasized that whatever they decide to do in the
30 process with the public should be what is done. Mayor Timothy indicated that there would
31 be more meetings to come.
- 32 • All recent meetings have been virtual with the exception of meetings with individual groups
33 of mayors outside of normal meetings. In-person meetings were to resume starting with
34 the Conference of Mayors.

10. City Manager’s Report and Discussion.

Mr. Reid reported on the following:

- Changes taking place within the Police Department included hiring a New Lieutenant. Sergeant Robinson, the Precinct Commander, would be filling the position. There were other changes in the personnel. Two officers left the Department and new ones were hired.
- Staff met with homeowner Zach Larsen who would like to purchase property behind his home in Parry Farms. A long-term lease was decided on and was being worked out.
- A meeting with Woodside took place regarding the purchase of park property. A transaction was anticipated within the next 30 days.
- Woodside complained about the Impact Fees. The Water Impact Fee increased from \$750 to \$4,200 and ultimately reduced to \$3,600.
- The City was prepared to begin design work on the park with the purchase of the additional 10 acres.
- Bird Scooters was interested in bringing in an entrepreneur to manage the rental of scooters. No action would be required by the City. It was noted that there were issues with scooter rentals in Draper. There was discussion that it may not be appropriate in Bluffdale. The service area map for the scooters and the likelihood of them being utilized in Bluffdale was discussed. Areas where the scooters and motorized vehicles are allowed were identified. Special rules for Bluffdale, contracts, and ordinances were addressed.
- A new holiday called Juneteenth has not been recognized by the State. Bluffdale will wait for the State to act on it.
- A grant was set to be received for \$968,000, which would be added to the budget before June 30th. An additional \$968,000 was expected shortly after and will be included in the next budget year. There are specific things it can be used for such as water projects.
- There is another grant the City was pursuing.

REPORT TO BLUFFDALE CITY COUNCIL REGARDING A PROPOSED PROPERTY TAX RATE INCREASE FOR 2021

July 28, 2021

Jordan Valley Water Conservancy District is proposing a property tax increase for its fiscal year 2021/2022 budget.

A public hearing is scheduled for August 11, 2021, at 6:00 p.m., where citizens will be able to attend and ask questions or make comments.

A growing service area and increasing water demands require additional water supplies and infrastructure, costing millions of dollars.

Summary information regarding Jordan Valley's proposed property tax increase:

FROM JORDAN VALLEY'S 2021/2022 TENTATIVE BUDGET:

Total budgeted revenue	\$84.5 million
Property tax revenue as a percentage of total budgeted revenue	27%
Amount of additional revenue from the proposed property tax increase	\$1.8 million
Percent increase in property tax revenue	9.4%
Percent increase in property tax revenue to the total annual cost of water (average residence)	1.3%

PROPERTY TAX INCREASE BASED ON A HOME OR BUSINESS VALUE OF \$465,000:

	Home	Business
Current annual property tax	\$86.19	\$156.71
New annual property tax	\$94.37	\$171.59
Annual property tax increase	\$8.18	\$14.88

PURPOSE FOR ADDITIONAL PROPERTY TAX REVENUE:

Major capital projects and debt needs over the next five years, which property tax helps support.

Treatment plant expansion	\$65.3 million
New storage reservoir	\$23.4 million
New booster pump station	\$10.5 million
New debt/bonds to be issued	\$180 million

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF BLUFFDALE,
UTAH, AMENDING BLUFFDALE CITY CODE SECTIONS 6.20.020 (TRUCK
ROUTES) AND 6.30 (VEHICLE AND TRAILER PARKING), WHICH RELATES
TO DESIGNATION OF TRUCK ROUTE STREETS AND PARKING WITHIN THE
CITY.**

WHEREAS, Utah Code § 10-9a-102 grants the Bluffdale City (the “City”) authority to enact ordinances that the Bluffdale City Council (the “City Council”) considers necessary or appropriate for the use and development of land within the City; and

WHEREAS, the subject text amendment adds a couple streets as designated truck routes and regulates overnight vehicle and trailer parking; and

WHEREAS, the City Council has held a public hearing and reviewed the subject text amendment; and

WHEREAS, the City Council finds that the subject text amendment will enhance the public health, safety, and welfare.

NOW THEREFORE, be it ordained by the Council of the Bluffdale City, in the State of Utah, as follows:

SECTION 1: **AMENDMENT** “6.20.020 Truck Routes” of the Bluffdale Municipal Code is hereby *amended* as follows:

AMENDMENT

6.20.020 Truck Routes

A. Definitions:

AUTHORIZED TRUCK ROUTE: A way over certain roads within the city limits, as designated herein, over and along which a restricted vehicle must operate. **GROSS VEHICLE WEIGHT RATING:** The registered gross weight of the vehicle, including both the weight of the vehicle and any potential load.

NARROW AUTHORIZED TRUCK ROUTE: Any portion of an authorized truck route that is less than thirty four feet (34') in total paved width.

RESTRICTED VEHICLE: Any truck or other vehicle, or combination of vehicles, with a gross vehicle weight rating of more than twenty six thousand (26,000) pounds,

including, but not limited to, semitractors with attached trailers or trailer assemblies, so called "belly dump" and "side dumper" earthmoving vehicles, dump trucks, trucks with "pup" trailers, and other similar vehicles. (Ord. 2009-03, 3-10-2009)

- B. Designated Restricted Vehicle Route: It is unlawful for any person to operate or allow the operation of a restricted vehicle upon any public street within the city, except the following public streets, which are designated as the city's authorized truck routes:

State Road 68 (Redwood Road/Camp Williams Road);

State Road 154 (Bangerter Highway);

State Road 140;

Pony Express Road;

Concord Park Drive;

Honda Park Drive;

Heritagecrest Way;

Rock Hollow (east of 1800 West)

Iron Horse Blvd;

Porter Rockwell Blvd;

790 West (north of 14600 South); and

800 West (south of 14600 South). (Ord. 2009-13, 9-22-2009)

- C. Exceptions: The restriction set forth in subsection B of this section shall not be construed to prohibit any of the following:
1. The operation of a restricted vehicle upon any street where necessary to the conduct of business at a destination point, provided travel or delivery is made by the most direct and shortest route from an authorized truck route to the destination point. For purposes of this subsection, conduct of business at a destination point shall include the delivery of merchandise to or from local businesses, established truck terminals, or residences or the operation of a restricted vehicle delivering to or returning from construction sites where it is not possible to use an authorized truck route.
 2. The operation of emergency vehicles upon any street in the city.
 3. The operation of a restricted vehicle operated by the city, governmental, quasi-governmental, military and public utilities performing in their official capacity (including, but not limited to, a restricted vehicle engaged in snowplowing and

similar activities) and any contractors engaged in the repair, maintenance or construction of roads, road improvements, or public utilities within the city.

4. The operation of a restricted vehicle upon any officially established detour, during the period in which such official detour exists.
5. The travel of a restricted vehicle to or from a private residential or commercial lot or parcel (owned by the operator of the vehicle or by a person who knowingly consents to the parking of the vehicle upon the lot) provided travel is made by the most direct and shortest route from an authorized truck route to the destination point.

D. Parking:

1. No restricted vehicle shall be allowed to be parked on the public streets or sidewalks in areas of the city zoned residential, except while actually loading or unloading merchandise or household goods, and in no event shall any such restricted vehicle remain parked for longer than eight (8) hours. For purposes of this subsection, a restricted vehicle shall be deemed parked, even though the motor is running, if the vehicle is left standing for any period in excess of three (3) minutes when the same is not attended by a driver lawfully authorized to drive said restricted vehicle (except when unloading or loading as set forth herein). (Ord. 2009-03, 3-10-2009)
2. Without limiting the generality of subsection C 1 of this section, the city engineer and the city manager shall have the authority, acting jointly, to post signs restricting parking for all vehicles on any portion of a narrow authorized truck route, or within one hundred feet (100') of any such narrow authorized truck route. No vehicles shall be allowed to be parked on those portions of the authorized truck routes posted in accordance with the previous sentence.

E. Penalty: The owner, operator or driver of a restricted vehicle violating the provisions of this section shall be guilty of a class B misdemeanor and subject to penalty as provided in section 1-4-1 of this code.

F. Installation And Maintenance Of Signs: The city manager shall cause all authorized truck routes to be clearly signposted to give notice that this section is in effect. No person shall be charged with violating the provisions of this section by reason of operating a restricted vehicle upon a street on which restricted vehicle travel is prohibited unless appropriate signs are posted and maintained. The preceding sentence shall not apply to any charge of violating a parking restriction contained in this section. (Ord. 2009-03, 3-10-2009; amd. 2013 Code)

SECTION 2: ADOPTION “6.30 VEHICLE AND TRAILER PARKING”
of the Bluffdale Municipal Code is hereby *added* as follows:

ADOPTION

6.30 VEHICLE AND TRAILER PARKING(*Added*)

SECTION 3: **ADOPTION** “6.30.010 General Restriction” of the Bluffdale Municipal Code is hereby *added* as follows:

ADOPTION

6.30.010 General Restriction(*Added*)

- A. No person shall park a vehicle, boat trailer, recreation trailer, camper, or other licensed or unlicensed vehicles for a period of time longer than seven (7) calendar days on any public street or right-of-way.
- B. No person shall park a vehicle, boat trailer, recreation trailer, camper, or other licensed or unlicensed vehicles overnight on the following public streets:
 - 1. Noell Nelson Dr.
 - 2. Porter Rockwell Blvd.
 - 3. Redwood Rd.
 - 4. 14400 South (east of Redwood Rd.)
 - 5. Loumis Parkway
- C. Whenever it becomes necessary for any person or persons engaged in construction work on or in a building longer than the legal limit in this Section, a permit shall be issued by the City Engineer. Notwithstanding, cones and other safety measures must be in place at all times.

SECTION 4: **ADOPTION** “6.30.020 Exceptions” of the Bluffdale Municipal Code is hereby *added* as follows:

ADOPTION

6.30.020 Exceptions(*Added*)

Exceptions to this Chapter:

- A. Vehicles or apparatuses owned by public or quasi-public entities.

SECTION 5: **SEVERABILITY CLAUSE** Should any part or provision of this Ordinance be declared by the courts to be unconstitutional or invalid, such decision shall not affect the validity of the Ordinances a whole or any part thereof other than the part so declared to be unconstitutional or invalid.

SECTION 6: **EFFECTIVE DATE** This Ordinance shall become effective immediately upon publication or posting as required by law.

(Draft Ordinance)

**BLUFFDALE CITY
ORDINANCE 2021-XX**

*******DRAFT ORDINANCE***** AN ORDINANCE OF THE CITY
COUNCIL OF THE CITY OF BLUFFDALE, UTAH, AMENDING BLUFFDALE
CITY CODE SECTION 11.220, WHICH RELATES TO RESIDENTIAL YARD
SIGNS.**

WHEREAS, Utah Code § 10-9a-102 grants the Bluffdale City (the “City”) authority to enact ordinances that the Bluffdale City Council (the “City Council”) considers necessary or appropriate for the use and development of land within the City; and

WHEREAS, the subject text amendment amends the regulations for residential yard signs; and

WHEREAS, the City Council and Planning Commission has held public hearings and reviewed the subject text amendment; and

WHEREAS, the City Council finds that the subject text amendment will enhance the public health, safety, and welfare.

NOW THEREFORE, be it ordained by the Council of the Bluffdale City, in the State of Utah, as follows:

SECTION 1: **AMENDMENT** “11.220.030 Definitions” of the Bluffdale Municipal Code is hereby *amended* as follows:

A M E N D M E N T

11.220.030 Definitions

The following terms shall be defined as provided in this section for the purpose of use within this chapter:

ALTERATION OF SIGN: Changing or rearranging, other than the sign copy, any structural part, enclosure, lighting type, component, or location of a sign.

ANIMATION OR ANIMATED SIGNS: A sign which exhibits any of the following: A. The movement or the optical illusion of movement of any part of the sign structure, design, or a pictorial segment, including the movement of any illumination; B. Flashing or strobe effects; or C. The spinning or other movement of a sign, or portion thereof; However, digital time and temperature signs, and analog time devices shall not be considered animated.

AREA OF A SIGN:

- A. For signs designed with a cabinet, the area of the sign will be that of the cabinet face, excluding the outer edge of any border.
- B. For signs not designed with a cabinet, the area of the sign is ninety percent (90%) of the area enclosed within the smallest regular geometric shape needed to completely encompass all letters, logos, and insignias of the sign, including horizontal spacing between letters, logos, and insignias.

Words, abbreviations, logos, and insignias may be calculated independently to determine the area of such signage.

AWNING SIGN: Signs, placed on or integrated into canopies mounted on the exterior of a building.

BACKLIGHTING: Illumination, the source of which is not itself visible, positioned inside or behind a sign face such as behind raised letters and awnings or inside sign cabinets where the illumination is seen through the letters or sign face.

BANNER: Plastic, fabric, or any other pliable material intended to be hung either with or without a frame, typically placed between two (2) poles or hung on the wall of a building, but does not apply to flags and emblems of political, professional, religious, educational, or corporate organizations flown on a flagpole.

CABINET: The enclosure of a sign, not including the mounting structure or decorative elements of the sign structure, upon which text, logos, and insignia are mounted and within which the majority of electrical components, if needed, are located.

CHANGE OF COPY PANEL: A sign or portion of a sign designed to permit regular manual change of copy with language other than the name of the business.

CHANGE OF SIGN FACE: The changing of the face of a sign or the sign face which does not affect the structural elements of the sign and only affects the name or logo shown on the sign structure.

CLEAR VIEW AREA FOR SIGNS: A triangular space at the intersection of the driveway and adjoining curb determined by a diagonal line connecting two (2) points measured thirty feet (30') equidistant from the point of the intersection along the curb and the driveway, then connecting those points to form a triangle.

COMMERCIAL SPEECH: Any speech which bears advertising, reference to a specific product, or commercial transaction on behalf of a company or individual who is economically motivated for the speech.

ELECTRONIC DISPLAY SIGN (EDS): Any non-appurtenant advertising structure, or portion thereof, that displays electronic images, graphics or pictures, with or without textual information. Such a non-appurtenant advertising structure has the capability of being changed or altered by electronic means on a fixed display screen composed of a series of lights, including light emitting diodes (LEDs), fiber optics, plasma displays, light bulbs, or other illumination devices within the display area where the message is displayed. Electronic display signs include computer programmable, microprocessor controlled electronic or digital displays.

ELECTRONIC MESSAGE CENTER SIGN: An on-premises sign capable of displaying words, symbols, figures, or images that can be electronically or mechanically changed by remote or automatic means. Television or video monitors used as window signs are considered electronic message centers.

FACE OF SIGN OR SIGN FACE: The surface of a sign cabinet upon, against, or through which letter, logos, or insignias are displayed or illustrated.

FREESTANDING SIGN: Any permanent sign type that is constructed independent of and not connected to a building or other structure.

HALO OR REVERSE CHANNEL ILLUMINATION: Illumination, the source of which is not itself visible, positioned inside or behind the text of a sign where the illumination is seen around and not through the letters of the sign.

HANDBILL: A poster, flier, handout, brochure, leaflet, or other advertisement, typically made of non- or semi-durable materials, attached to permanent signage, traffic signage, utility elements, vehicles, or passed out to persons.

HEIGHT OF SIGN: The vertical dimension of a sign.

ILLEGAL SIGN: Any sign:

- A. Erected without first obtaining a sign permit that would otherwise be a permitted sign;
- B. Not otherwise established to be a legal nonconforming sign by the terms of this chapter; or
- C. Erected after the effective date of this chapter that has been determined to be a nonpermitted sign type.

INDIRECT LIGHTING: A source of external illumination located away from the sign, which lights the sign, but which may or may not itself be visible.

INFLATABLES: Any device supported by heated air, forced air, or other gases for the purpose of drawing attention to a business.

INFORMATIONAL SIGN: A sign which provides information, such as directional flow of vehicular or pedestrian traffic, entrance, exit, no parking, handicapped parking, loading area, and does not exceed four (4) square feet of sign area.

LOGO: A graphic symbol representing an activity, use, or business.

MAINTENANCE OF A SIGN: The replacing, repairing, or repainting of a portion of a sign structure made undesirable by ordinary wear and tear, weather, or accident. Maintenance does not include the changing of colors or materials of any part of the sign.

MASTER SIGN PROGRAM: Sign specifications and details approved as a package that define or identify allowed signage allotted to individual businesses throughout a multi-business commercial center.

MONUMENT SIGN: A freestanding, typically low-profile sign mounted on a base, detached from the building.

NONACCESSORY SIGN; BILLBOARD: A sign which directs attention to a business, commodity, service or entertainment conducted, sold or offered elsewhere than on the premises, and only incidentally on the premises, if at all.

NON-APPURTENANT SIGN: Any sign which advertises products, services or business establishments which are not located, conducted, manufactured or sold upon the same premises upon which the sign is erected.

NON-APPURTENANT ADVERTISING STRUCTURE (BILLBOARD) SIGN: A non-appurtenant sign, commonly referred to as a billboard, that is mounted or otherwise affixed to a pylon or other support structure.

NONCONFORMING SIGN: Any sign or non-appurtenant advertising structure which was lawfully erected and maintained prior to such time as it came within the purview of this chapter, and any amendments thereto, and which fails to conform to all applicable regulations and restrictions of this chapter.

OFF PREMISES SIGN: A sign located outside of the property or development boundary where the referenced business is located, the referenced product is sold, or the referenced service is offered.

ON PREMISES SIGN: Any sign identifying or advertising a business, person, activity, goods, product, or service located within the property or development boundary where the sign is located.

PAN FORMED/CHANNEL LETTER: An individual letter, which is three-dimensional and is constructed by means of a three-sided channel, the open side of which may face a wall or be faced with a translucent panel, which is placed away from the wall.

PERMANENT SIGN: Any permitted sign type which is:

- A. Intended to be and is so constructed:
 1. Of a lasting and enduring material;
 2. To remain unchanged in character, position, and condition exclusive of wear

- and tear;
- 3. As a freestanding sign or wall or building; and
- B. Identified as a permanent sign type within this chapter.

POLE SIGN: A permanent freestanding sign mounted atop one (1) or more poles where the bottom of the banner is at least six feet (6') from the ground.

POLITICAL SIGN: Any sign designed for the purpose of supporting or opposing a candidate, proposition, or other measure at an election or for any other noncommercial expression not related to the advertisement of any product, service, or the identification of any business.

PORTABLE, MOVABLE, AND HANDHELD SIGN: Any sign which varies its location basis, not otherwise classified in this chapter as a permanent or temporary sign, which may or may not be carried, worn, maneuvered, or manipulated as a means to draw attention from passers-by, including the use of vehicles.

POST AND PANEL SIGN: A free-standing sign supported by two (2) posts or columns, one (1) on each side of the sign. The sign itself does not have a base and does not contact the ground. A post and panel sign may be permanent or temporary.

PYLON SIGN: A freestanding, high profile, on-premises sign completely self-supported where the cabinet is significantly elevated above the ground and of a larger size than freestanding signs allowed by this chapter. By reference, pylon sign also includes pole signs and tower signs.

RESIDENTIAL YARD SIGN: A non-commercial sign placed in a residential zone or at a residential dwelling. Residential yard signs may include political signs, ideological signs, no trespassing signs, alarm signs, and beware of dog signs.

SHINGLE SIGN: A sign identifying the tenant of the adjoining space and which:

- A. Is suspended from a roof overhang, covered porch, or covered walkway; or
- B. Hangs or swings freely from a support mounted to the wall of a building.

SIGN: Any identification, description, illustration, or device which is in view of the general public and which directs attention to a person, place, commodity, activity, institution, organization, or business. Sign shall include any and all structural and supportive apparatus, identification, description, illustration, or device. Sign shall not include any flag or insignia of the United States, State of Utah, Salt Lake County, Bluffdale City, official historical plaques of any governmental agency, or emblems of professional, religious, educational, or corporate organizations flown on a flagpole.

SIGN ALLOWANCE: The total cumulative sign type and area for all signs allowed to any one (1) business, development, or applicant.

SNIPE SIGN: A sign or other advertisement, typically made of non- or semi-durable materials, mounted to a tree, or utility pole, or to the ground by nails, staples, a wire frame, or similar device within a right-of-way, including public or private park strips and medians or on public property.

TEMPORARY SIGN: Any sign not permanently attached to the ground, wall, or building, intended to be displayed for a limited period of time.

TOWER SIGN: A high profile, on premises sign completely self- supported by supports or other sign apparatus independent of any building or other structure with architectural or decorative elements incorporated into the supports as well as the sign.

VEHICLE SIGN: Any magnetic, painted, permanently attached, or temporarily attached sign which is affixed to a vehicle or trailer. This definition does not apply to banner signs attached to vehicles, signs or lettering on public transit vehicles, taxis or company vehicles operating during the normal course of business or parked in a legally designated on-site parking space at the location of the company owning the vehicle.

WALL SIGN: An on-premises sign attached to or erected against a wall.

WINDOW SIGN: Any sign, graphic, screen, or visual presentation which is placed to be read from the exterior of a building that is:

- A. Painted or drawn onto a windowpane;
- B. Mounted onto the outside of a windowpane; or
- C. Mounted within three feet (3') of the windowpane on the inside of the building. (Ord. 2020-18, 8/26/2020)

SECTION 2: AMENDMENT “11.22.100 Signs Not Requiring A Permit” of the Bluffdale Municipal Code is hereby *amended* as follows:

AMENDMENT

11.22.100 Signs Not Requiring A Permit

Signage outlined in this section are allowed and does not require a sign permit or fee.
